The **acar S10 plus**, like the **acar S10**, is intended to protect connected appliances against surges and spikes. Unlike the basic version, the **acar S10 plus** is enriched with enhanced surge protection and with the indicator of its proper operation. With this solution, you can be sure that the connected appliances are protected against damage from surges in the electricity network. Ten socket outlets, 5 with earthing pin and 5 Eurosockets without earthing, allow for effective protection of multiple appliances with just one power strip. The **acar S10 plus** is applicable both at home and in the office and its high quality has been confirmed by 5-year warranty. Mounting brackets are optional and available from the distributor.
